

DC Soccer Academy Summer 2009 Program

"The purpose of this soccer academy is to develop the player and give them the best coaching available"

This Summer I will be running a week long camp that will teach young players the techniques and skills they will need to play the game in a competitive or recreational setting, and be the best player they can be.

The program will include age appropriate sessions that are designed to improve the overall understanding of the game, including both technical and tactical aspects. The focus of the camp will include; passing, dribbling, control, shooting, tackling, heading, movement, tactics & team work. Another focus will be SAQ (Speed Agility Quickness) training. We need to focus on the development of soccer here in New Brunswick. The development of soccer in our province greatly depends on our young players receiving the best possible coaching available.

This year I will be bringing in an assistant coach that brings a wealth of knowledge from the U.K and also here in Canada. Ashley Crook is a seasoned Varsity Red's soccer player, but before attending UNB he has played for numerous clubs in the U.K. including: Premiership club Wigan Athletic and Blackburn Rovers and also Bury, and Morecambe FC.

Ashley's coaching qualifications are: English F.A level 1, Community Sports Leader Award (CSLA). Ashley has coached for Blackpool FC and community summer camps back in the U.K. Here in Canada he has coached the after school programs for UNB and the summer programs in New Maryland.

The dates for this camp are Monday July 20th – Friday 24th and the cost of camp is **\$170.00**. This includes all equipment, rentals, and quality coaching and swimming each day.

If you would like to be part of a great fun activity this summer, and want to improve your game, please e-mail or call to reserve a space. **Then** fill out the attached registration form and return with a cheque/cash to the address below.
