## **Re: FDSA COVID-19 (Coronavirus) Information Update**

Good evening FDSA Members,

We would like to provide all members with a further update regarding FDSA's working plan as it pertains to COVID-19 recommendations and club operations.

**Registration for Spring and Summer Programs REMAINS OPEN.** However, we will not be taking in-person payments until further notice and the in-person registration day scheduled for March 28 has been canceled.

Our office will remain open, but will close its doors to the public to keep everyone safe and to practice Social Distancing. In the meantime, please call or email if you require assistance of any kind or have questions that need addressing.

We are currently hard at work devising a contingency plan for multiple scenarios moving forward. We are obtaining new information everyday which we are using to devise the most up-to-date and comprehensive plan as possible. We hope to have a further update on this plan released by Wednesday March 18th.

We thank you for your continued patience and understanding during these difficult and trying times. We are hopeful we will see you all on the soccer fields soon!

Yours in Soccer,

Dennis van den Heuvel – Executive Director

On behalf of FDSA Board of Directors and Staff
