

## Event Check In

The Event Check In tool allows registered guardians (on behalf of youth participants) to complete a series of screening questions for in progress or upcoming events scheduled on that day in the system. It is available on the **PowerUp Connect** mobile app, as well as on **m.powerupsports.com**. Following completion of the questions, the member is presented with a notification indicating success or failure of the check in, which they can then display to the club staff/volunteers responsible for checking in players.

### Member View

When a member navigates to an event that day (in progress or upcoming) they are presented with a Check In Now button.

**Quinn**  
Demoville SC  
Regent Park 1

July 21, 2020 2:30pm - 3:30pm

REGULAR GAME

USA vs Canada  
HOME AWAY

Will Quinn be attending this event?

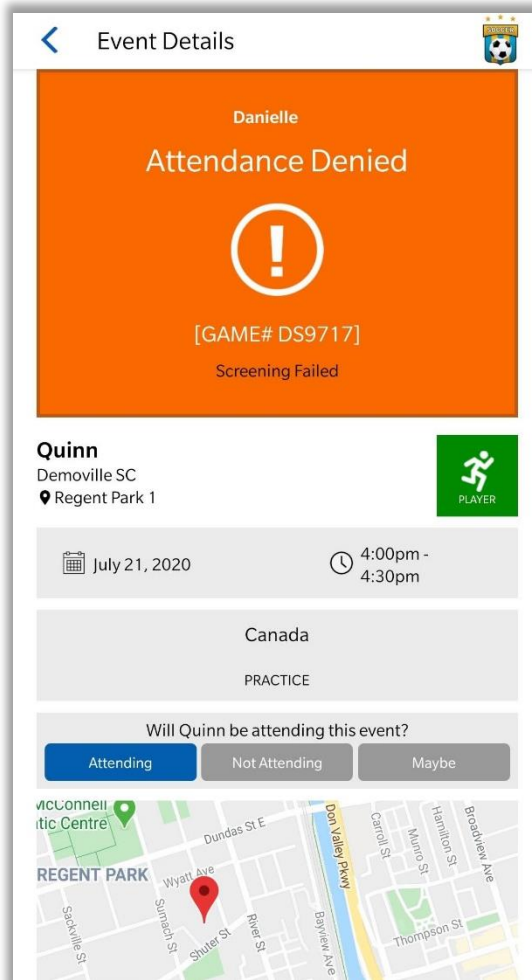

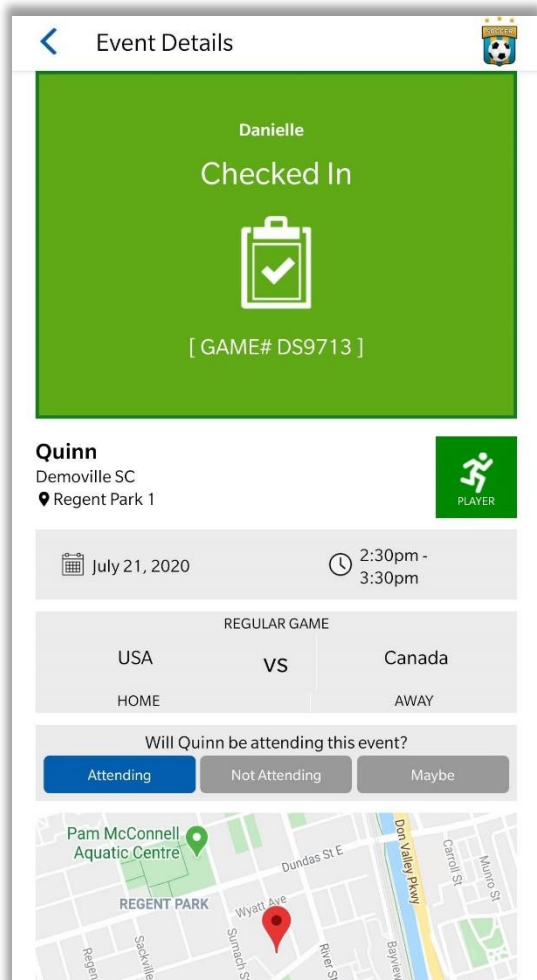

Attending Not Attending Maybe

Selecting the Check In Now button brings up four questions for the participant/guardian/team official to complete for COVID-19 screening.

**NOTE:**

A fifth question appears if the answer to Question 4 is 'yes.'

Once submitted, the member will be presented with a message indicating if they have checked in successfully, or if attendance is denied due to a failed screening. They can then show this to the designated club official (e.g. Field Marshall).

### Additional Notes

- Players must be assigned to a team to use Event Check In.
- The ability to check in disappears after the conclusion of the event.
- Check in is available on both club-created and custom events created by a team official.
